36v	£76	£86	£110	£140
24v	£54	£60	£69	£85
19.2v	£45	£50	£60	£75
18v	£40	£45	£54	£70
15.6v	£37	£42	£47	£60
14.4v	£35	£40	£45	£58
12v	£30	£35	£40	£48
9.6v	£27	£32	£36	£42

Hilti, Snap-On, Gesipa, Ingersoll Rand: Please add £10 to the prices listed

This is due to the replacement of additional components and the complex layout requiring additional work-time for these makes.

All sizes 1.3Ah, 1.4Ah, 1.5Ah, 1.7Ah and 1.9Ah NICD cells are replaced with upgraded 2.2Ah NICD cells
All sizes 2.4Ah and 2.6Ah NIMH cells are replaced with upgraded 3.0Ah NIMH cells

International orders are welcome!

Payments must be in GBP, shipping costs apply please contact us for rates.

**Most battery packs can have their capacity upgraded. For larger upgrades your charger must be compatible –
Please contact us for advice and your upgrade options.**

How it works:

- 1 - Order online or Email / Call us 07517 397 030
- 2 - Send us your batteries including a note with all your contact details
- 3 - We replace all the cells for new ones
- 4 - We contact you when ready for payment, unless prepaid.

Credit / Debit cards can be taken over the phone or you can be billed online though PayPal.

BACS Bank Transfer is accepted please contact us for account details.

Turnaround time is within 21 days

**Virtually any rechargeable battery operated equipment can be recycled.
If something is not holding charge properly then get in touch as we may be able to help!**
