12v	£23.00	£27.60	£27.00	£32.40	£29.00	£34.80	£35.00	£42.00	£42.00	£50.40
9.6v	£20.00	£24.00	£25.00	£30.00	£27.00	£32.40	£30.00	£36.00	£35.00	£42.00

RED PRICES ARE INCLUSIVE OF VAT AT 20%

**Hilti, Snap-On, Ingersoll Rand:** We add £10 (inc VAT) to the prices listed this is due to the replacement of additional components and the complex designs requiring additional work-time for recelling.

International orders are welcome!

Payments must be in GBP, shipping costs may apply please contact us for rates.

Most battery packs can have their capacity upgraded. For larger upgrades your charger must be compatible – Please contact us for advice and your upgrade options.

#### How it works:

- 1 - Email or Call us 0208 099 6030
- 2 - Post us your batteries including a cover note with your details
- 3 - We replace the cells like new
- 4 - We contact you when ready for payment.

Credit / Debit cards are taken over the phone or you can be billed though PayPal.

BACS / Cheques Payable to 'Recell Your Battery' are also accepted please contact us for details.

Turnaround time is within 14 days

Virtually any rechargeable battery operated equipment can be recelled.  
If something is not holding charge properly then get in touch as we may be able to help!
